

Upgraded Search Results: Top Matching Sections

Profound is leading the way in market intelligence by providing the first full-text database enhanced with AI capabilities. Read on to learn how we improved the Profound platform.

Profound Smart Search (AI-Powered) Results now include top matching sections for sliced reports from the last three years. Users can click the blue “Top matching sections” links below each Product Listing to view the matching sections.

This new update can help you quickly find the sections you’re seeking.

The screenshot displays the Profound search interface. At the top, the search bar contains the query "What are the global trends for espresso coffee?". Below the search bar, there are filters for "AI-Powered" (beta), "Published in" (Last 2 Years), and "Sections available". The search results are displayed in a list format. The first result is "Global Instant Coffee Market: Analysis By Type, By Packaging Type, By Distribution Channel, By Application, By Region Size and Trends with Impact of COVID-19 and Forecast up to 2026 (06/14/2022)". This result includes a section titled "Top matching sections" which lists several sub-sections: "S6.3: Market Trends", "S6.3.2: Increasing preparation of Instant Espresso Coffee at Home", "S6.3.4: Premiumization of Instant Coffee in Food and Beverages", "S8.10: Strauss Coffee Ltd.", and "S8.10.2: Operating Segments". The second result is "Global Instant Coffee Market (by Type, Packaging Type, Application, Distribution Channel, & Region): Insights & Forecast with Impact Analysis of COVID-19 (2022-2026) (09/11/2023)".
